

After Stock-Taking Bargains

ON TUESDAY, we enter upon the third week of our after stock-taking sale. The success of this sale has been far beyond our expectations, and the warm response spurs us to greater efforts. During the rush of last week, many lines were not shown; others have been sold down to two of this and three of that. The mark-down man has been busy going through all these lines, and has played havoc with prices. Below are a few of the many offerings for the week; there are many others in lots too small to advertise. Come in and see them.

STORE CLOSED MONDAY; SALE BEGINS TUESDAY MORNING FEB. 23RD.

PLEA FOR CHILDREN BY ROOSEVELT

Corrective Power Is Full Knowledge Of Facts

WASHINGTON, D. C., Feb. 15.—Legislation, which, it is believed, if enacted into law, will make an important epoch in the future well-being of the dependent children of the Nation, is recommended in a special message by President Roosevelt sent to Congress today, in which he makes a strong plea in the interest of children within this class.

Of particular importance is the President's recommendation for the establishment of a Federal Children's Bureau; the enactment of such legislation as will bring the laws and practices in regard to the care of dependent children in all Federal territory into harmony and certain legislation in behalf of dependent children in the District of Columbia. The President believes that such legislation is important not only for the welfare of the children immediately concerned, but important "as setting an example of a high standard of child protection by the National Government to the several States of the Union, which should be able to look to the Nation for leadership in such matters."

The President also transmits with his message to Congress a copy of the conclusions, together with the full text of the proceedings of the recent Conference here on the Care of Dependent Children, in accordance with the request of that organization. Declaring that their conclusions "constitute a wise, constructive, and progressive program of child-caring work," the President says that if "given full effect by the proper agencies, existing methods and practices in almost every community would be profoundly and advantageously modified."

Statistics showing the large number of dependent children in the country are presented by Mr. Roosevelt. "Each of these children represents either a potential addition to the productive capacity and the enlightened citizenship of the nation," says the President, "or, if allowed to suffer from neglect, a potential addition to the destructive forces of the community. The ranks of criminals and other enemies of society are recruited in an altogether undue proportion from children bereft of their natural homes and left without sufficient care. The interests of the Nation are involved in the welfare of this army of children no less than in our great material affairs."

In urging a Children's Bureau, one of whose duties will be to investigate a report upon all matters pertaining to the welfare of children and child life, the President points out that "the National Government is the only agency which can effectively conduct such general inquiries as are needed for the benefit of all our citizens."

"It is not only discreditable to us as a people that there is now no recognized and authoritative source of information upon these subjects relating to child life," declares the President, "but in the absence of such information as should be supplied by the Federal Government many abuses have gone unchecked;

for public sentiment, with its great corrective power, can only be aroused by full knowledge of the facts." He adds that there are few things more vital to the welfare of the Nation than accurate and dependable knowledge of the best methods of dealing with children, particularly those handicapped by misfortune.

The President makes a strong plea for keeping the family intact and declares that poverty alone should not disrupt the home.

ART LEAGUE PLAYS AT OPERA HOUSE TONIGHT

The Dramatic Circle of the Kilauea Art League is to offer tonight the last opportunity of indulging in official disipation before the Lenten season begins. The casts of both plays have been working faithfully for the last two weeks, and have, in consequence, attained a smoothness that is unusual in amateurs.

The curtain raiser, "Washington's Birthday," is a very clever and lively little sketch, and will be presented with a spirit that will add to its attractiveness. Everybody knows the story of George Washington and the cherry tree; but how many can tell the reason why he cut it down? Tonight on the stage of the Opera House, the whole story will be graphically told.

"Pygmalion and Galatea," the three-act comedy that will follow, will be staged in a masterly manner. This is one of the finest and most successful of the Greek plays, and there is no doubt that it will be given in a manner to reflect credit on the Art League.

Tickets are on sale at the Bergstrom Music Co., Fort street, just above King. The price of admission is 75 cents and \$1.

COELHO IS AFTER

(Continued from Page 1)
and although one consultation was had on the four subjects mentioned in said communication, at which doubts were expressed as to the propriety and constitutionality of the proposed act relating to fishing, etc., the said Attorney General promising however to look into the matter and render an opinion before the opening of the present session of the Legislature, upon which opinion depended the action contemplated; and

"Whereas, instead, however, of giving the opinion in the manner most proper and becoming the dignity of the office, and without regard to the official position of a legislator, and in utter disregard of the feelings of a member of this Senate, more particularly, the writer of the communication above mentioned, said Attorney General proceeded to the press his opinion on the matter under advisement in such a way as to impress the reporters that there was anti-Japanese sentiment strongly urging unscrupulous and discriminating legislation against a class of thrifty and industrious aliens, thereby causing libelous articles to appear constantly in newspapers from January 12, 1939 to this day, in which publications, the member of this Senate who is mentioned in said communication has been ridiculed and called very atrocious names; and

"Whereas, there being other very important matters to be consulted with the said Attorney General which has since been submitted to him in writing, another communication was addressed to the said Attorney General by and through his Deputy, Judge W. L. Whitney, a few days after the first

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — MRS. EMMA LENSE, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

ridicule which appeared in the P. C. Advertiser on January 12, 1939, in which, special request was made not to divulge any matter which might be requested without permission therefor; and

"Whereas, by reason of the discourtesy of the Attorney General and the constant nagging and harping of the press, His Imperial Japanese Majesty's Consul General has been led to believe that there is really a strong desire to discriminate against his people, and has so reported to his government; and

"Whereas, because of the utter disregard and lack of courtesy displayed, a request for legal advice and opinion on the subject was sent to the United States Attorney General, on January 22, 1939, with a full statement of the case and action of the Attorney General of Hawaii, in which it was stated that the proposed measure would be introduced if the opinion is not received before the opening day of the present session of the Legislature; and that the measure would be disposed of according to the opinion and counsel received; and

"Whereas, by reason of the indiscreet manner in which this important question was allowed undue publicity, threats of personal injury have been made, necessitating constant vigilance and care in mingling with Orientals."

"Therefore, be it Resolved, that the Governor of this Territory be and he is hereby requested to demand the resignation of C. R. Hemenway, Esq., Attorney General of the Territory of Hawaii."

John McN. Parker, former manager of San Francisco Balboa hotel, gets three year sentence.
